THIS IS NOT A TAX RECEIPT OR INVOICE

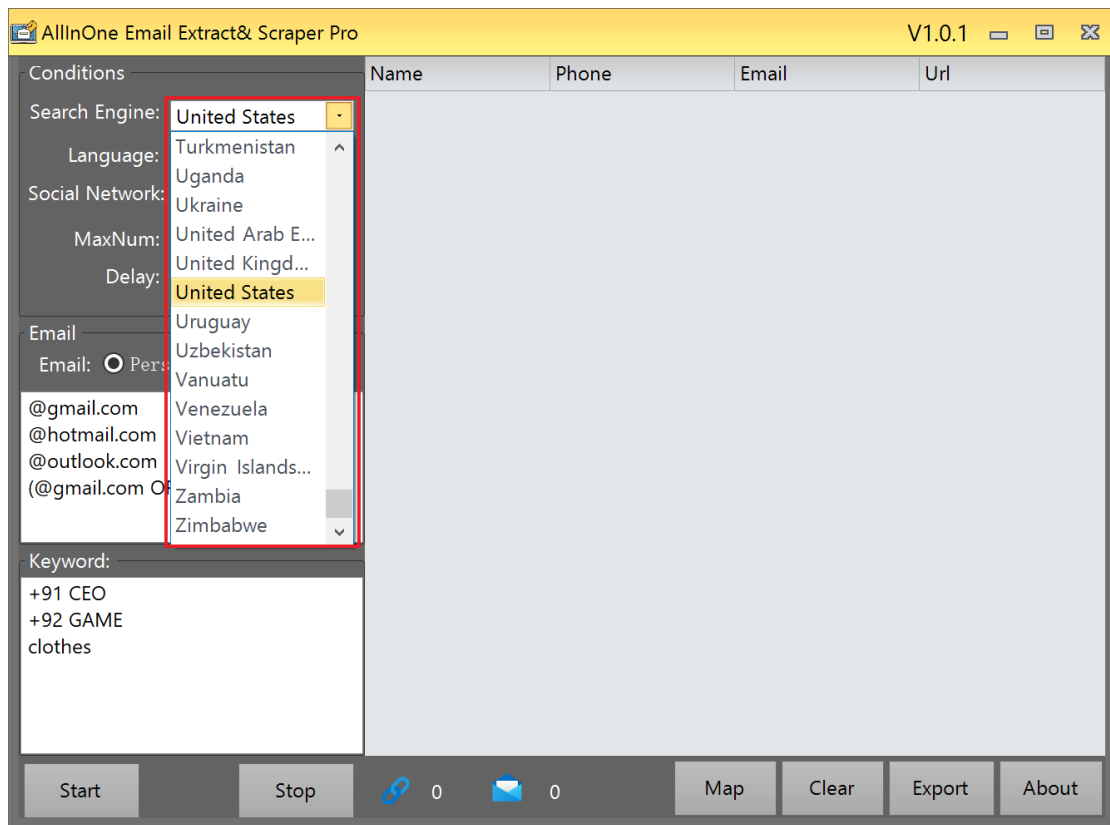

3) Search condition settings

You can set the search condition to filter the search results you want!

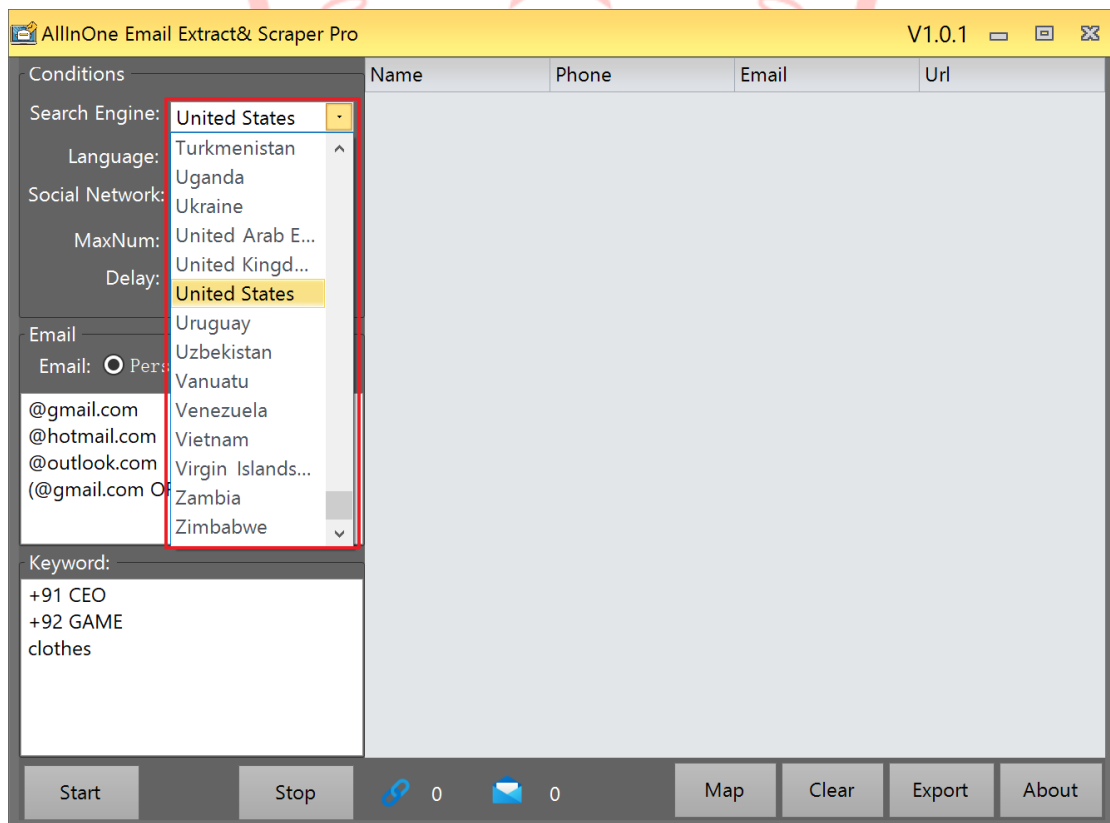

1) Google engine country

You can choose a country of Google search engine

2) Language of search results

The display language of Google search results

3) Bulk Keyword

*You can set keywords in batches to search,
Line breaks are required between multiple keywords*

The screenshot shows the 'AllInOne Email Extract & Scraper Pro' software interface. On the left, there are configuration options: Search Engine (United States), Language (English (default)), Social Network (LinkedIn), MaxNum (500), and Delay (7). Below these are options for Email (Person or Business) and a list of email domains (@gmail.com, @hotmail.com, @outlook.com, (@gmail.com OR @yahoo.com)). The Keyword field contains: +91 CEO, +92 GAME, and clothes. The main area displays a table of extracted contacts with columns for Name, Phone, Email, and Url. The bottom bar shows 'Start', 'Stop', a link icon with '100', an email icon with '107', and buttons for 'Map', 'Clear', 'Export', and 'About'.
